

The Society for Disowned Humans and Animals has been framed keeping in view the present state of affairs as medical and other expenses for poor persons are out of their reach.

The objective of the society is to serve such needy persons and animals. Once Mahatma Gandhi asked for Rs. One Lakh for some project. A person volunteered to give whole the money but Gandhi Ji refused to accept his one lakh saying "I do not want Rs. One lakh from one person instead I would accept One Rupees each from one lakh people so that the concept of sharing troubles should be inculcated among the people." Our society has the same objective in mind. Society will mainly take care of such persons who are disowned by their families or are unable to bear the expenditure of medical treatment. Society will also provided shelter to genuine human and animals. We will appreciate, if you kindly become member of this society and contribute Rs. 200/- a month so that the working in this field may be expedited. Rest assure the money so collected will be utilized properly and accounts will be transparent. Your act of kindness will go a long way in providing the solution to the current problem that nobody knows who is to face one day?
